THE MAYORALTY VOTE BY DISTRICTS.

VOTE FOR CORPORATION COUNSEL.

LIST OF CANDIDATES ELECTED.

THE NEW COMMON COUNCIL.

&c. &c. &c.

The election for municipal officers yesterday was very animated, the excitement centering almost wholly on the different candidates for Mayor. By the figures given below it will be seen that although Mr. Roberts, as the standard bearer of the republican party proper, polled an extraordinarily large vote, he was defeated by his more formidable antagonist, John T. Hoffman, who, by virtue of a fair plurality of the votes cast, will assume the functions of Mayor of the metropolis on the 1st of January next. The result shows very plainly that the leaders and wirepullers of the Mozart Hall faction, after having become convinced that their favorite candidate, John Becker, had hardly the ghost of a chance, slid over to Tammany, and thus elected the nominee of the Old Wigwam. The opposition to Mr. O'Gorman for the office of Corporation Counsel was so small that very little interest was manifested on that portion of the ticket. The democrats, as will be seen, continue to hold their numerical strength in the city, but rough divisions and subdivisions in the party, the republicans have unseated here and there to slip a man in for a minor office.
